

Industry Mini Session IMS10

Industry session financially supported by Teva Pharmaceuticals during the 37th ECNP Congress

# Partial treatment response to antipsychotics in people living with schizophrenia

Monday 23 September | 17:45 – 18:30

Space 1–2

We are delighted to invite you to join our esteemed faculty to explore and discuss:

- The concept of partial response in the management of schizophrenia
- The impact of partial response during acute treatment and beyond
- Potential strategies to improve the recognition and management of partially responding patients
